Valencia, Spain | +34 610 279 696 | julianalvarez0203@gmail.com

Portfolio: [julianalvarez243.github.io/portfolio/](https://julianalvarez243.github.io/portfolio/)

## PROFESSIONAL PROFILE

Software developer specializing in C# and .NET, with experience in web development and enterprise applications. Passionate about clean programming, code optimization, and implementing efficient solutions. I have a solid background in software development, agile methodologies, and collaborative work. I seek to contribute to backend development projects and cross-platform applications.

## WORK EXPERIENCE

- SuperCrono — Web Developer and Technical Leader (April 2021 - April 2024, Buenos Aires, Argentina)

Design and implementation of web applications for sports timing. Interface development using HTML, CSS, and JavaScript, with backend integration in C# and MySQL.

- InkuA — Web Developer Internship (February 2024 - June 2024)

Website development using agile methodologies (Scrum). Feature implementation and version control with Git.

- MBA Host — IT Support and Web Development (January 2020 - March 2022, Buenos Aires, Argentina)

Maintenance of web platforms and support in the implementation of internal systems.

## EDUCATION

- Santo Domingo Higher Institute — Software Development (2023 - Present)
- Udemy Academy — C# Programmer with .NET (2021)3 - 2024)
- Egg Education — Full Stack Development (2022 - 2023)
